Vietnam

Rice Price - Weekly

2010

Approved By:

Michael Riedel

Prepared By:

Quan Tran

Report Highlights:

Price offers for rice for export were down significantly in the first week of 2010. There were no offers at all for 15 and 25 percent broken rice, because much of this rice was allocated to fulfill sizable outstanding government export contracts.

Local paddy prices decreased last week on poor demand from the export market.
